

# 2025 NCAA Tournament - Top 10

Basketball Enthusiasts ... Time again for the yearly **March Madness Top 10 Confidence Pool**.

Most of you are well seasoned veterans, but for the new-comers here's how this pool rolls. Rank your teams in order from 10 to 1 based on your confidence of the teams ability to win. Meaning if you place Duke in the #10 slot you receive 10 points for each game they win. Similarly, if you give Michigan State a ranking of #3 you will receive 3 points for each round they advance. Once the team loses, they get zero points the rest of the way. The winner is obviously the person with the most points at the end of the NCAA tournament. The tie-breaker is the Total Points of the Championship Game.

**\$10 per entry.** The more entries you submit, the better your chances. Friends, family, co-workers, everyone is always welcome! **1<sup>st</sup> thru 5<sup>th</sup> place have received payouts in the past**, but winnings will be determined on the number of entries. Our past 1st place winners have been around \$500.

Entries can be submitted by using this form or any other emailed version. If someone else is covering your payment, please note that persons name in your email so I know who will be covering your entry fee.

Entries must be received by **Noon, Thursday, March 20th** to Jim Sharpe. If you pick a "First Four" team then picks must be submitted by noon on the day the team plays. Updates will be posted at <https://www.sharpe-engineering.com/> once the tournament gets going. Good luck to everyone!

**Submit via email to:** [ncaatop10@gmail.com](mailto:ncaatop10@gmail.com) <http://www.sharpe-engineering.com>
